

The lift pass information

Starting this year, our lift pass system will change from the original Paperpass to a digital IC pass system

Due to these changes, the following now applies:

1. No refund available for lift passes.

-(Due to the electronic nature of the lift passes, we unfortunately cannot tell if the pass has been activated or not, therefore we cannot give refunds once purchased)

2. NOTE: Please take only one Lift Pass with you, per day, onto the lifts.

-Any Lift Pass you carry will be activated when you pass through the gate.

If you have multiple days worth of lift passes on you, they will all become active on that day and unusable for future dates.
