Certification Method :WPA2-PSK

Coding Method : AES

- Please set the IP address and DNS server address of the connection terminal to The “automatic acquisition”.
- Please confirm whether the security of the device to be connected is properly Configured.

## Attention : When using this service

- We provide free Wi-Fi, but we cannot guarantee connection for all visitors, for a variety of reasons.
- Although our Wi-Fi is supported by anti-virus software, Kiriya Ryokan holds no liability for any viruses or malware obtained through using this service.
- Furthermore, Kiriya Ryokan accepts no liability for any damage caused to your devices whilst using this service.
- Please be aware that as the number of devices connected increases, transmission rate may be adversely affected.
- Please be aware that the service may be interrupted for maintenance purposes at the discretion of management.
